

# Odd/Even Days Begins

News Release Date

04-22-2022

at night.

Here's how it works.

If you live on the EAST SIDE of the river: Water on EVEN numbered days (i.e. 2, 4, 6, 8, etc.)

If you live on the WEST SIDE of the river: Water on ODD numbered days (i.e. 1, 3, 5, 7, etc.)

Thank you so much for your co-operation.

With the continued drought being a concern, our ODD/EVEN watering days have now begun (start date March 14, 2022).

REMEMBER...

- Sprinklers should be moved every hour.
- The best time to water is early morning or early evening.
- Please do not leave sprinklers running
